Ever Blooming Purity
The Prettiest White Calla Grown

This beautiful miniature Calla is the pet of all. Growing only about 8 inches high, it is, indeed, a beauty, completely enveloped in its regal white blossoms through the entire season. As easily grown as the other Callas.

Ball Calendula

"ORANGE KING IMPROVED"

The very finest, largest, double deep orange Calendula yet produced. Flowers are uniformly full and distinctly rounded or ball-shaped, unlike the flat heads found in the old types of Calendulas. It is in bloom almost continuously from the last of June until destroyed by heavy frost. Flowers, Glowing Gold, the largest, the brightest-colored, and the most perfectly double you have ever seen. Four inches in diameter and so double as not to show a bit of center. Pkt. 15c.

Petunia

California Mammoth Flowered Invincible

The Largest and Most Beautiful Petunia Ever Grown

An entirely new class—distinct from any others in the exquisite colorings, and in the general appearance of the flowers. These are all fringed and frilled in every conceivable manner, and are, without question, the largest, prettiest, and most wonderful Petunia ever grown. The colors are startlingly brilliant—some solid colors, but mostly a combination of colors never seen before in one flower. Pkt. 25c.

Gladioli Collection

50 BULBS FOR $1.00

(Blooming Size)

A mixture of named varieties. Not less than half a dozen varieties, so there will be a good assortment of color. The number of each variety will vary according to what we have to spare. Many do not care for the name, just so they get a good flower, and in putting them up this way, we can afford to sell them cheaper. We are offering these bulbs in this way and at this price to work off our surplus. This is a mighty good opportunity to get a start of a good assortment of this wonderful flower. Will sell you any larger amount at the rate of $2.00 per 100 bulbs, as many dollars’ worth as you want at this price, but not less than $1.00 worth.

The NEWEST ASTER

Yellow Chrysanthemum

The rarest and newest Aster being the brightest sulphur yellow, not a mere indication of color, as in all former productions. The border petals are broad and of a lighter tint. The flowers are remarkably full and double, with centers well covered. The plants are of the branching type, vigorous growers and admirands will be handsomely covered from 16 to 24 fancy flowers on long stems, suitable for fancy cut flowers. Flowers are produced so numerous that a plant looks like a gold dome. A truly superb Aster. Pkt. 10c.

ASTER PLANTS

We will have some nice Aster plants to offer in April and May at 10c per dozen for mixed, or 50c per dozen for separate colors. These will be good, strong plants and will be marked postpaid. Send orders now and we will send plants when ready.

"EARLY DAWN"

This is one of the earliest Asters of the Ostrich Plume type coming into earliness even earlier than Queen of the Market. As a pure white cut flower, there is nothing to surpass it, and its earliness renders it excellent for market garden purposes. Pkt. 15c.

Bargains in Cannas

Magnificent Everblooming Plants

We have a particularly fine collection of these imposing foliage plants. It includes all novelties and standard varieties which we have found to be worthy of distribution among our customers.

WORLD’S WONDER SEEDS

The seeds which forms this collection has been selected from the cold mountains of Greenland, the wilds of Africa, the barren islands of the Sea, royal gardens of China and Japan, the great flooded forests of the Amazonian region of South America, the Great Sahara Desert and from our own country. Pkt. 15c.

New Dahlia Flowered Zinnia

Monstrous Flowers: Wonderful Colors:

Continuous Bloomers

The plants are of strong, vigorous habit, fully 3 feet high, producing mammoth flowers averaging 6 inches across by 3 to 4 inches deep. Similar in shape to the Double Decorative Dahlias. The range in color not only include the usual shades, but many unusual tones.

Aster (New Sensation)

The Brightest Colored Aster Ever Grown

In the new "Sensation", I have a color never before seen in Asters, and a flower which is unequalled in quality, size, and perfection of bloom. Color is the brightest Red ever seen in an Aster, being deep on blood. Height is about 15 inches, plants well branch ed, and completely covered with very double flowers, which are 4 inches in diameter. Stems are usually a foot long. Pkt. 10c; 1-8 oz. 10c.

THE CHILDREN'S GARDEN

Over 100 varieties of easy growing, pretty flowers.

Of course, grownup people can plant it too, if they want to, and if there are no children around that want it, but it is specially meant for children. Every child just naturally wants to dig in the dirt and have a garden. And they want a little of everything in the garden. It would take a hundred packets of seed to supply everything a boy and girl would like to plant. So we have rolled the hundred kinds (2 of each) into a group. There's enough seed here to make a wagon load of garden stuff and a whole garden of flowers. I really believe a bright boy can grow $5.00 worth of garden stuff from it.

Pkt., 5c; oz., 15c; 1 lb., 45c; lb., $1.00.
